

Australia's leading
racing consultancy
(since 1987)

WELCOME TO ELITE RATINGS

Congratulations, on becoming a member of Australia's leading racing consultancy.

Elite are here to help you improve your betting skills and therefore your chances of winning at this fascinating game. We put an extraordinary amount of time into form and video study and combined with our experience and computerised methods, no other service can match our expertise in race analysis.

We not only provide sound, thoroughly researched selections, our main aim is for you to develop as a punter and eradicate the usual bad habits associated with aimless or compulsive betting. You can't get rich overnight but you can do a whole lot better than Mr Average Punter who squanders a huge chunk of his pay packet every week. Only 2% of bettors are successful professional punters. But when you consider that 2% of a usual Saturday race crowd at a city track is about 100 people, you realise that you have probably rubbed shoulders with them every time you've been to the track and more importantly they are just like you. The only difference is they have dedicated themselves to winning at racing. Many are Elite clients.

Melbourne Saturday Class meetings are covered all year round. You have three methods of accessing this information; phone, fax or internet.

Note: PIN's & Passwords are changed monthly in the Newsletter. If you have not received by post or email before the first Saturday of each month please contact the office. Do not leave it until the meeting date. We do not want you missing out.

ELITE RATINGS ONLINE (Free Internet Access)

Go to <http://www.eliteracing.com.au/members>. You will require your username and password. (The user name and password is changed monthly and advised by email or by post if you do not provide an email address)

ELITE-PHONE MESSAGES are available on raceday from 11.00am Melbourne time. Simply dial in the number and when prompted, dial in the four digit PIN number after the beep. The Phone Message information is provided on two lines. The main message gives out all the ratings information whilst the Number 2 line relays the eRate-Super-Bet qualifiers with their values and grade.

Important Note: Before you start, please check to make sure you are able to access 1900 numbers by calling Telsta on 1800 035 055. Phone/Fax access problems cannot be resolved by Elite.

ELITE FAX MESSAGE

Available from 11.00am Melbourne time on raceday. It is a very popular method of accessing Elite's information for the non on-line members. Much more information can be included in the fax message and you have the clear hard-copy ready to use immediately. The **eRate-Sheets are included too**. A fax machine costs less than \$200 these days and is recommended for retrieving Elite raceday information.

When accessing the Elite-Fax service, a few simple procedures must be understood to avoid being charged without receiving the faxed message.

- IT IS IMPORTANT TO SWITCH YOUR FAX MACHINE OVER TO "TONE" DIALLING..Refer to your manual.
- Lift your fax machine handset and dial the 1902 247 131 number. (It is more convenient to you if this number is stored into a 'speed dial' number).
- Follow the voice prompt and dial in the "Zero" when directed.
- When you are prompted to dial in the FOUR digit PIN number,(dial each of the four numbers accurately). If you dial in the wrong PIN number or take too long, the call will still be charged even though access is denied.
- When the FAX tone sounds, press the start/receive button on your machine and then replace the handpiece. The fax will come through automatically.

Raceday Service	Where	Username	Password
Internet Main Site	www.eliteracing.com.au/members	Username and password provided each month with newsletter	
Internet: Back Up Site	www.eracing.com.au		
Phone: SuperBets	1902 243 159		
Phone: Ratings, Pro Strategy, Specials	1902 212 109		
FAX Back: the works	1902 247 131		

Make sure you can access the 1900 phone message as a backup if it is ever necessary. (contact your phone company) Do not rely on direct contact with the Elite office during a raceday.

GETTING THE BEST OF THE ODDS

Some members look at the results and notice that they backed some of the winners at less than the odds claimed. It is simple to bet with bookies these days (by phone and online) and obtain much better odds than the TAB.

Sporting-Bet Australia who are based in Darwin take any size bet and have a very good range of bet types to optimise your returns. You do not have to make a deposit up-front. They work on a billing week of Monday to Monday and send you a cheque or a bill each week.

- ➡ **You do need a referral from Elite to qualify for the no-deposit credit betting facility.** I have been betting with them for years now and have found them to be accurate and efficient. If you would like my referral to open a credit account just post, e-mail or fax your name and phone number to the Elite office. I will send it to them with my referral and they will contact you.

Getting the best of the odds consistently is essential in speeding up the capital appreciation of your Elite racing investment portfolio.

CONCLUSION

You will not win money at the races unless you can rigidly stick to a plan through thick and thin.

If you can make a commitment to yourself to bet methodically and professionally from now on, then I know that you will make as much as you want from your betting. Elite will provide the winning selections and profitable betting strategies; all you need is the determination and business like approach to make this work.

The percentage of renewals to Elite is very high and I intend to keep it that way. Subscribers do not renew unless they are happy with the service and they are making a profit. If you have any specific queries just send me an email or give me a call. We are here to help you and improve all aspects of your punting.

Looking forward to a long and profitable association.

All the best

Larry Taylor

The Elite Racing package:

Elite members are provided with **two separate sets of ratings**.

- ★ The original **Elite Ratings** have been leading the way in Melbourne racing since 1987. You are provided with Elite's Top-5 rated selections with the assessed odds for most races on the program. We do not do the 2yo races and jumps races.
- ★ The **eRates** are a completely separate ratings method and provide a unique insight into each horse's chances under various criteria such as scenario suitability, current form etc. They are more discerning as to which races are acceptable so there are less rated races. Every horse is listed with its own series of values for each variable and the amazing eRate leading edge technology ensures consistently accurate top-rated performance.

Not all eRate rated races end up with recommended betting action but when they do get through the extremely rigid filters, you can bet up with extreme confidence.

Betting Methods

- ❖ **The Pro-Strategy service (Elite Ratings):** Is aimed at clients who like plenty of action and need a bet on every rated race. These bets are fine for clients who go to the local and want a fun day out with a good chance of finishing well in front. **It is not our most professional approach. We have a much stronger and safer option for your serious investment strategies.** Play the Pro-Strategy bets for sure but make sure you use a separate bank just for those bets.

Moonee Valley Saturday 13th September 2008

- ❖ **The Specials (Elite Ratings):** The Best Bets and Best Value Bets are popular and are proving very profitable in their own right but it is very dangerous to pick one selection out from the meeting and say, "that's the one". So much can and does go wrong when we are tied down to one pick. It is more sensible to rely on a strong, proven method and just keep the net spread wide. I have never promoted the Specials as a serious investment strategy in its own right but it is good to know that they are producing solid profits.
- ❖ **Elite Ratings:** The Elite Ratings and assessed odds are provided for punters who look for overlay selections and also for the Trifecta/Quinellas/Doubles/Quaddie punters. The Top-Rated Elite Rated horses continue to make level stakes profit year after year.
- ❖ **eRate-Sheets:** The eRate Super-Bets are the culmination of years of research and is the most powerful racing plan in Australia today.

The **ultimate professional betting package**. Elite Ratings strongest Top-Rated are combined with the best of the best from the e-Rate sheets.

The time proven **super-plan for betting specifically on the e-Rate Top-Raters**.

The eRate Sheets

The eRate rating sheets have been produced since 2003 and provide a wealth of information. They are used by professional punters and bookmakers for that extra information that is quite often only uncovered by the eRate process.

Elite Racing members apply a bank to bet on the powerful eRate Super-Bets.

Pace is Ok and Steve will sit just off the leaders and control the race on Here De Angels. He is high class and Mark K has him at peak form. The weight is not an issue against these. Gold In Dubai looks a danger. He should hold the lead with Emjay H on his outside. They will be in front for a long way and I would expect Gold In Dubai to hold out EmjayH. But bark, they'll Here De Angel coming... It just looks a perfect fit for Here de Angels.

Explaining the eRate-Sheets columns.

eRate: This is the **FINAL eRate figure** (highest is best)

- **Rate Rank:** This column ranks each horse in order of the Base Rating. 1.0 means first (best) rated.
- **Scen Rank:** This column ranks each horse in order of the Scenario Figure. 1.0 is the best scenario horse. The scenario figure takes into account the horse's history at and around today's conditions (Dist, Track, Going etc)
- **Form Rank:** Same process to rank the Form horse according to the form column. A form ranking of worse than 5 is high risk and they are identified by the white font on black background.
- **eRate Rank:** This is the ranking in order from 1.0 (Highest rated) of the **FINAL eRate figure**. An eRate ranking of 5.0 or worse is signified by the colour change to white on black.
- **Average Rank:** The Rate Rank, Scen Rank, Form Rank and eRate Rank are averaged. An average of 5.1 or worse gets the dreaded black and white makeover.
- **eRate Bet:** Calculated according to the horses rated chance.
- **Min Odds:** This is the minimum acceptable price according to the rated chance.
- **eRate Super-Bets:** The eRate Super-Bet value is listed along with the unique DAS Adjusted score (Data Assessment System). This value is the result of a series of bonuses and penalties using Elite's unique universal racing Calculated Statistical Index. **Each eRate Super-Bet is graded A, B or C.**

"A" graders are very strong bets and win 61% of the time @ \$4.00 average winning odds. They Place 82% of the time @ \$1.77 average div.

"B" graders are winning at 36% strike rate @ \$5.11 average winning odds. They place 68% of the time @ \$1.93 average div.

"C" graders are place only bets and are collecting at 65% strike rate @ \$1.86.

The eRate SuperBet qualifiers are clearly listed on the eRate sheet and are also available on a dedicate web page on race morning (plus sms, fax, phone message)

But hark, they'll Here De Angel coming... It just looks a perfect fit for Here de Angels.

Note the comment for this Boxing Day race.

This gives a unique insight into the race that only Elite Punters get.

Here De Angels looked over the line, rated a \$1.70 shot and Elite Punters had no doubt as to our confidence.

eRate Super-Bets Eachway Betting Performance

The recommended bet on the **eRate Super-Bets** using the **listed grade is as follows:**

"A" graders are very strong bets and win 61% of the time @ \$4.00 average winning odds. They Place 82% of the time @ \$1.77 average div.	Bet 5.00% Eachway
"B" graders are winning at 36% strike rate @ \$5.11 average winning odds. They Place 68% of the time @ \$1.93 average div.	Bet 3.00% Eachway
"C" graders are place only bets and are collecting at 65% strike rate @ \$1.86.	Bet 1.00% Place Only

It does not get simpler than that. When you see an eRate Super-Bet you can bet up with confidence that it is backed by a **61% winning strike** (A Graders) or 38% win strike rate (B Graders) and exceptional place strike rates.

Members have access to a complete **interactive spreadsheet** of results going back to 2004.

Every season has produced excellent capital gain. The sheer consistency confirms the power of this leading-edge strategy. The 2010 season has produced 59% capital gain with 45% profitable racis.

The **ultimate professional betting package**. **Elite Ratings** strongest Top-Rated are combined with the best of the best Top-Raters from the **e-Rate** sheets.

The **e-Combo** selections are listed on all raceday messages in simple ready to bet format. (Online, Fax, Phone, or SMS) Simply apply a level eachway bet to each qualifier: 82% win profit and 35% place profit since 2007.

Here's a list of **recent e-Combo action** taken from the online spreadsheet. The totals are for 2007 to 2010.

Eachway % Profit	59%

Q & A

Q: How do I bet on the e-Combo selections?

A: A simple level eachway bet (say 2.0% EW) on each selection. Increase your bets in ratio to the bank.

Q: How many bets per month?

A: This amazing strategy averages about 10 bets per month.

Q: How do I know if the selection is from the eRates or Elite Ratings?

A: The eRate qualifiers will be identified "eRate" and the Elite Ratings qualifiers will be identified as "Elite". Some members are already familiar with the Elites Qualifiers as "E". ("E" and "Elite" qualifiers are one and the same.)

Q: Any results available?

A: Yes, online interactive Excel spreadsheet.

Q: Do all Superbets automatically become e-Combo selections?

A: Not necessarily. It is a different strategy resulting in some SuperBet qualifiers missing selection and some non-SuperBets getting the nod.

Q: Are all qualifiers Top-Rated Elite or eRate selections?

A: Yes, only Top-Raters can qualify.

Q: The multi results generated by these selections should be very profitable. Have you studied the multis and have you got a recommendation as to how to structure the multi bets?

A: I have not completed an analysis as yet but I am going to as soon as I can. I would expect that a one-out type multi with the field for the place legs would produce good profits and occasionally a windfall result like King Carnage's \$11,000+ trifecta would be the icing on the cake; More on that later.

Q: Are there still runs of outs?

A: We are betting on horses and jockeys and with a reasonably high-action plan, runs of outs are unavoidable. There were six straight wipe-outs (2% EW x 6 = -24%) in July 2008. There were a few five-straight losing races, not necessarily wipeouts. **152 of the 318 races did not make an eachway profit (average loss was -\$3.24). 160 of the 318 races made an eachway profit averaging + \$ 7.79. Six were breakeven results.** It is therefore reasonable to expect that **more than half of your bets will result in eachway profit.**

Track Conditions

Victorian Track Condition Gradings		
Category	Scale	Description
FAST	1	A dry hard track
GOOD	2	A firm track
GOOD	3	Ideal track with some give
DEAD	4	Track with give, better side of Dead
DEAD	5	Significant amount of give, worse side of Dead
SLOW	6	A mildly rain affected track, better side of Slow
SLOW	7	Rain affected, worse side of Slow
HEAVY	8	Soft track, just into Heavy range
HEAVY	9	Very soft, genuine Heavy
HEAVY	10	Very soft and wet, heaviest category
