Australia's Leading Racing Consultancy since 1987

## INTRO PAK

With Elite Racing you have unique access to winning selections and proven profitable betting strategies. If you can make the commitment to yourself to bet methodically and professionally as instructed then you can make as much as you want from your betting.

## WELCOME TO ELITE RACING

---

Elite are here to help you improve your betting skills and therefore your chances of winning at this fascinating game.

We put an extraordinary amount of time into form and video study and combined with our experience and leading edge methods, no other service can match our expertise in race analysis of Melbourne Racing.

We not only provide sound, thoroughly researched selections, our main aim is for you to develop as a punter and eradicate the usual bad habits associated with aimless or compulsive betting.

You can't get rich overnight but you can do a whole lot better than Mr Average Punter who squanders a huge chunk of his pay packet every week. Less than 2% of bettors are successful professional punters. But when you consider that 2% of a usual Saturday race crowd at a city track is about 20 people, you realise that you have probably rubbed shoulders with them every time you've been to the track and more importantly they are just like you. The only difference is they have dedicated themselves to winning at racing. Many are Elite clients.

## Checklist of a WINNING Punter

---

### Checklist of a WINNING Punter

Two punters can have access to exactly the same long-term proven winning selections yet one will win and the other will lose. The winner committed to the following non-negotiables. The loser has baulked at one or more - and it only takes one.

- Make a genuine, full-hearted pledge to yourself to do what it takes to win at punting.
- ✓ Have access to profitable long term selections that are proven to win at level stakes over many hundreds of past actual tips.
- ✓ Have a strategy
- Stick to the strategy and don't second-guess any qualifying bet.
- Bet the percentages as recommended.
- ✓ Know in detail what past bad runs have looked like and know that they are an ongoing fact of life for any punter.
- Have a physical Bank. No bank means guaranteed failure. It is amazing how a bad day seems so insignificant when a REAL bank is in place.
- Mug bets must be funded by a separate bank and EVERY ONE must be recorded. You will be amazed how these eat up the cash despite the occasional windfall. They can be good fun if the money won't be missed.
- Never mix up bets from other services or sources with Elite bets.

We have already taken care of three of the nine critical points. **If you can tick the other six you will win.** Each point is simple on its own but many punters give up this unique opportunity because they can't muster or maintain the discipline.

<b>Email:</b> Summary of the day's bets and Race-day Pro-Sheets	Emailed direct to you before 11:30am race-days. Usually well before that deadline..

We try to get the raceday messages out before 11.00am deadline but the raceday information is not final until 11.00am and **if there are adjustments the member's raceday page is where to get that up to date information.**

## Keep Up to Date

---

**Don't get left behind!**

**Please take the time read the latest newsletters** and memos and make sure you read the extra information on emails. We are always explaining things in response to queries from clients or simply sharing new knowledge. If we find an extra edge you will be the first to know.

**Clients who do not bother to invest that few minutes and read the material soon get left behind and become confused.**

## Office Communications

---

### **Email is always best.**

Our phone communication does not compare with our email customer service because phone calls can come in when we are under the pump and simply have not got the time to give considered answers to some queries. With 600+ clients it becomes impossible to allocate the time provide a satisfactory phone service.

Emails us with clear questions and we will put in the time to make sure you get the right answers, nearly always same day.

## Winning with Elite Racing:

---

**An Elite membership gives access to the Elite Ratings. That means the Top-5 rated selections in each rated race.**

That's racing information that is regarded by professionals as the best available for Melbourne racing.

We provide free betting strategies and ongoing, updated recommendations to keep up with the forever changing betting landscape in Australia.

The hard part is done at this end but you still can't win unless you apply our proven investment strategies with the resolve to give it a **fair dinkum go for the long term.**

## Track Conditions

---

We put a lot of extra work into getting the track condition right and in well over 90% of the meetings throughout the year we race on conditions that we expect.

On the raceday message we list the track grading 1-10 (1 being very hard and fast and 10 being very heavy) - that we rate to and add notes if necessary so you can bet without worrying about the conditions.

However, if you **set a rule not to bet if the track grading changes more than one grade away from our morning grading** then over the long haul you should expect better results. If we list two gradings, the first-mentioned grade is the one to use. For example if we note our track 'rated to' as "3/4" the 3 should be used. If it is "5/4", then use 5.

**All results are recorded even if the conditions change more than one grade.**

We look forward to the wet tracks because it is another area that our research, experience and methods provide a clear advantage.

Windy days can be problematic and we keep detailed records of wind speed and very importantly wind direction.

# MAIN Plans

---

## Elite-Filters: the amazing one-bank solution for busy members.

---

This is THE Go-To plan for most members.

**We recommend the Elite-Filters as your main betting plan. Your serious/professional bank should be aimed at that plan. The qualifiers with their recommended bet size are listed clearly on the race morning messages ready-to-bet.**

Results are kept up to date after each meeting in your members results page. They demonstrate the power of the plan and show the sometimes rocky road to each new bank high.

## Elite-FILTERS Raceday List

---

The Elite-Filters qualifiers are listed with their recommended bet size assuming a \$10,000 bank. Members of Sydney AND Melbourne can bet the Elite-Filters from the ONE bank.

## Elite Melbourne COMBO Plan

A lot of members have chosen this strategy as their MAIN plan because it has twice the number of bets as Elite-Filter strategy and is making far greater profits.

The Combo Bets are calculated and presented on the raceday messages. The Final Combo bet amount (assuming a \$10k bank) is listed in the far right column.

elite racing CAU As Listed \$10k Banks									Apply 5 Combo Filters (Red if Failed)					Combo BET SCALE for \$10k Bank

9	6	THOUSAND WISHES	130		60		190	2	9.5		15	60		150

It is a very powerful combination of the **Elite-Filters** and three other strategies that we have been listing each race morning for a long time – **Top-Rated-6-Filter plan, Top-Rated Grade% plan and Colour Coding**.

All qualifiers of any of those plans are a possible Combo Bet but they have to pass five conditions to be final Combo Qualifiers.

**Don't worry, we work out the bets and do all these calculations for you** but you can too if you want by referring to the Master Data Spreadsheet which is online in your members/results area.

**Apply these filters to all the qualifiers of the four plans mentioned above.**

1. AM Odds (as listed on pro-sheet pdf/excel and Master Spreadsheet) must be **\$2.50** or better.
2. No Benchmark races of **less than BM90**. (Clearly shown on the raceday sheets).
3. Must be **7 or more starters**.
4. In Column AV on the Master Spreadsheet **eliminate** Grade % horses listed between 1 and 59. That leaves the 60-100 qualifiers (and blanks).
5. Master Spreadsheet column AT: Eliminate if "Top Filter Poor" or "Top Filter Fair".

## Multi Betting: Exactas, trifectas and First Fours

Each raceday message (online, email and app) includes the "ALL-Rated" list for each rated race. This is where members go to source their Multi betting action for the day.

The instructions below the list is our recommended method of setting up your multi bets. We have been noticing a return of value which started turning back in our favour mid-2019.

Here is how a typical **All-Rated Multi sheet looks after the** results are filled in.

Base Multi: 3 to win, 9 for 2nd, 9 for third, 12 for fourth  
 ie: Top-3 Rated to WIN, ADD next six to those three to make nine for 2nd and third, ADD 3 more to those 9 to make 12 for fourth. The "Pro" version uses the same formula however stick to races with 12-15 runners.

The \$17k div was \$28k in NSW but we stick to Vic Divs for consistency.

**Boxing a number of horses is never a good idea.**

That is what the other 99% of punters do and it plays into our hands.

Race 8 would have been a winner for a box-5 but the other three winning multitis that we got at Sandown relied on the wide net we set for the placings.

If we hadn't found **Flying Sardine** (2<sup>nd</sup> Race 4 at 50/1) in our five rated selections she would have been right at the bottom of the list in tenth place (longest odds in the race). We take nine for second and third and would have missed the \$17k F4.

**Multi Betting Success comes down to:**

- finding the winner in the top-3 Rated
- including the right longshots in the top-5
- having the net spread to nab the Pacodalis (Race 9-1) well down the list.

We do all that that for you with uncanny consistency.

### Example: Race 8 above

Three to WIN: 9-5-1

For Second: 9-5-1 **PLUS** six more to make NINE: 14-12-17-2-6-11

For Third: same as second: 9-5-1-14-12-17-2-16-11

For Fourth: 9-5-1-14-12-17-2-16-11 **PLUS** three more to make twelve: 13-7-18

It is up to each member to decide whether to cull numbers and what flexi bet amount they choose. If culling, work from the bottom eg: if you only want to take seven for second, 16 and 11 would miss that spot.

## Longshot Place Concept.

Nearly all the main players these days are zeroing in in the top two or three in the market and there is definitely some rich over-the-odds place pickings for good chances away from the favourites for those who don't mind place betting to take advantage of Elite's ability to consistently find these well-placed longshots.

Using your online Master Data (Mel) spreadsheet, we developed a place-betting model that provides 30% place-getters @ \$5.26 average div for a net level profit of 56.5%. Yes, \$5.26 average PLACE dividend!

I present these rules simply to alert you to the place possibilities – and to whet your appetite. No doubt different members will come up with their own different rules.

- Rated 1-5
- Starters 10-15
- Mel City only
- No apprentice claims of 2.0kg or more
- Best odds greater than \$15.

Using my rules, you would need to be able to watch the odds up to late in betting but I am sure the great majority of qualifiers would have reached win odds of >\$15 well before race time.

.

## DANGER RACES

---

If you do choose to bet on **Top-Raters** then at least give the “danger” races a big miss. Danger races have been explained, discussed and analysed in many newsletters.

There is a column in the Master Spreadsheet that is uploaded each raceday morning called “Danger”.

DANGER
Cau Rail >8m

### Top-Rated are in Danger Races if:

- Caulfield Rail out greater than 8m AND distance greater than 1200m
- BM races of less than 78 in the city
- BM races less than 84 in the Non-City races.
- 3yo races at the Non-City races.
- Mel Spring races (October and Cup-Week)

(Feb 2021): Backing ALL top-Raters since Nov 2014 that are NOT in danger races (OK) has made **\$11,432 net profit!**

**Backing ALL Top-Raters in Danger Races in the same six year period has LOST \$15,052.**

- Since the end of the 2020 spring carnival, the Danger Top-Raters have won 2 from 29 for a \$100 level bet loss of \$2,080. That’s why the main plans don’t have a bar of them.
- In the same two and a half month period, the Top-Raters that were OK have won 20 from 62 (32%) @ \$3.85 for a net profit of \$1,395.
- You do not need to do anything with this information because it is all factored into the Elite-Filters algorithm. But If you choose to bet on top-raters outside the Elite Filters then at least discard the ones in “Danger” races.

# Colour Coding Winning Chances and Main Dangers

In October 2020 we introduced a Mel colour coding system. We highlight the definite winning chances in green and the serious dangers in blue.

**Refer to Newsletters: Oct 19<sup>th</sup> 2020 and Oct 26<sup>th</sup> 2020 in your members/newsletters area for more detail and results as well as follow-up newsletters into 2021.**

In this example we had six REAL winning chances (green) and ONE that we considered a danger that would not surprise at all.

<b>8</b>		2500m Hcp (SW) \$500k					Starters:								<b>12</b>
3:30 PM	Horse	GOOD	AM Odds	Trainer	Jockey	Clm	Barr	Wgt	To Carr	Form Order	Scen Order	Rated Order	Elite Odds	Pro Strat Orig \$4k

9	CARIF	BM	\$ 26.0	Peter Snowden	Kerrin McEvoy		11	55.0	55.0						
13	SUPER GIRL														

Miami Bound won at \$26.

Note1: The order that the horses are listed as: **Top-5 rated selection in order then the rest in order of AM (morning) odds.**

This example shows it was a very tough race. Our Top-5 rated are all green as well as Oceanex. Just the one other was considered as a genuine chance to upset our main chances - Miami Bound.

Hush Writer was considered no hope (no colour) but was listed above Oceanex etc because his price (AM Odds) was shorter. Same with Trap For Fools/Miami Bound.

The Mel-Master spreadsheet is updated before the meeting and again with results as soon as possible after the meeting usually the day after the meeting.

It is not a requirement that you be able to view Microsoft Excel Spreadsheets but members who do get far more from their membership.

There is a FREE **Microsoft Excel viewer** available from Microsoft. Simply google it.

## Confused or Overwhelmed?

In newsletters and memos we do discuss other strategies and ideas from time to time. Although Elite-Filters is the main plan for Mel and for Sydney, Elite members have plenty of choice to make their own informed decision as to how they make best use of all the Elite raceday information.

Most members choose to have their serious bank for the **Elite-Filters and/or the Elite COMBO Strategy**. The bets are worked out for you and listed on race-morning with the recommended bet-size ready to bet.

**The Combo Strategy ensures that you are betting on the Best-Of-The-Best** (four plans).

The Multis are a fun way to get involved in more races and get returns from more of the big-priced winners that we find on a regular basis.

## Why Doesn't Elite have Bookie Ads?

Being paid for providing racing tips and having an affiliates arrangement with bookies is a conflict of interest.

It is a bit rich to claim to provide winning information for members but then take massive commissions when their clients lose. (25% off their client's referred losses (and higher) for life).

**If you want to be a part of a service that gets paid by bookies if you lose, then Elite is not for you.**

Elite continues to lead the way in the racing services industry by the length of the Flemington straight.

- Amazing ratings accuracy
- Betting-strategies that really do win in real-time
- Unequaled customer service
- Always going that extra mile to make sure clients get 110% from their Elite investment from day one.
- Almost a hundred of our 700 (capped) Australian and International members started with us in the nineties!

**But more importantly it is our proven integrity and honesty in all dealings that sets us apart.**

# The Rating Sheets

The Elite-Ratings rating sheets have been produced since 1987 and provide a wealth of information. They are used by professional punters and bookmakers for that extra information that is quite often only uncovered by the Elite Racing Form Analysis process.

Here is what you see on the Race-day Pro-Sheet which is attached to your raceday email as well as uploaded to the members' page in Excel and Pdf versions.

## CONCLUSION

---

You will not win money at the races unless you can rigidly stick to a plan through thick and thin.

If you can make the commitment to yourself to bet methodically and professionally from now on, then I know that you will make as much as you want from your betting.

There have been **many losing streaks for every plan** yet they all recover the losses and hit new bank record highs for those who stuck with them.

The recovery phase is fantastic but sadly comes when some members have decided to give up. They most probably did not have the physical bank in place.

With Elite you have unique access to winning selections and proven profitable betting strategies; all you need is the determination and business-like approach to make this work.

The percentage of renewals to Elite is extremely high, the envy of our competitors. We work tirelessly to keep it that way. **Subscribers do not renew unless they are happy with the service and they are making a profit.**

If you have any specific queries just **send an email**.

We are here to help you and improve all aspects of your punting. We try to check for emails of an **urgent nature** right up to midday on race-morning but after that we are in the ring backing our judgement just like you.

Looking forward to a long and profitable association.

All the best
