## Elite Software Generated Ratings

For more than 30 years we have tested but resisted utilising many and varied computerised ratings programs. We do the form manually and it takes days. We constantly find opportunities that computers can't. The Vassilators (top rated winner at \$9.50) for example don't come from a computer click.

However, the program we have created in recent times has given us full confidence in its power to produce previously unimaginable profits from a non-human source.

Of course it is the amazing volume of data that it collects and collates that makes it so valuable but it has always been a challenge to successfully mine the data and produce tips that win consistently.

We have the program that we can fully trust to deliver.

It has been producing astonishing results and has created opportunities away from Melbourne and Sydney. You have already seen its ability to find big-value top-rated winners in those two weeks where the Adelaide tips were provided free.

This is not a simple Don Scott weights and measures program that the others use to work out their tips in seconds with the push of a button. Our trials using this technology have amazed us.

We could package it up and sell to the masses and make a one-off squillion but that would kill the golden goose. We would rather harness the power solely for Elite clients who want to significantly enhance their investment portfolio.

This has opened up new exciting opportunities for Elite clients.

## Adelaide Ratings

We can now confidently say that we have by far the most reliable top-5 ratings available for Adelaide racing. Most of the races at each Saturday-Class city meeting are rated and about a **30% of the top-raters** attain a "Good" grading.

**The strike rate of the "Good" graded top-raters is 50% and the level stakes profit is 112%.**

These "Good" top-raters are called "A Bets" and are clearly marked on the ratings sheet as 2.0% bets.

## ADL: "A" Bets

**32 bets for 16 winners, 50% @ \$4.25**

**Bet: \$ 6,400**

**Ret: \$ 13,590**

**Profit: \$ 7,190 (112%)**

## ADL: ALL Top-Rated \$100 Level Bet Stats

106 bets for 31 winners, 29% @ \$4.35

Bet: \$ 10,600

Ret: \$ 13,495

Profit: \$ 2,895 ( 27%)

The **top five** strike rate is 80% which is similar to Elite Mel and Syd and is far better than the industry average.

The ratings are finding the winner in the **top two** 52% of the time.

The **Top-3** strike rate is an awesome 64%.

Such amazing stats underpin a LOT of successful multi bets.

## Metro-Express

We source Best of the Best computer plays for Melbourne Sydney and Adelaide at the Saturday/Public Holiday meetings **as well as the Wednesday Metro** meetings. These are provided in ready-to-bet format with suggested stake on applicable race days.

## Metro-X Results

The overall bottom line for the whole of 2021 so far shows plenty of action, very strong strike-rate and 86% net profit on turnover.

Please note that nearly all of the Metro-Express results are based on starting price not top-flucts or Best of the Best. That reduces a top-flucts analysis by more than 10% so there is a nice buffer there when evaluating past performance.

## **Q & A**

**Q: Let me get this straight, if I sign up to this inaugural offer I get Adelaide Ratings including Specials, Metro-Express (Sat and Midweek) for \$11.53 per week AND Platinum FREE?**

**A:** Absolutely! It is a six month minimum inaugural membership at a fraction of what the cost will be in the future. You will get to see these new services in action with negligible financial commitment.

**Q: Can I join one of ADL or Metro-Express or Platinum?**

**A:** No, This inaugural offer is membership to ADL Ratings and Metro-Express. Platinum is included free - for a total of \$50 per month for a minimum six months.

**Q: What happens after the initial six month minimum membership term?**

**A:** After the initial six month minimum period you can opt out (*14 days notice*). The default is that your Adelaide and Metro-Express membership will continue on recurring at a discounted rate of \$89. (\$69 Adl + \$69 Metro-X = \$138) discounted to \$89. If you opt for one of the two services, then the monthly cost for either will be \$50. The Platinum will continue to be free if you have memberships current for Mel-Syd-Adl-Metro-X, otherwise it can be accessed as a standalone service.

**Q: Will the raceday information be included on the Elite Raceday App as well as online and Email?**

**A:** We will have a new website by the end of July and the info will be available on the App then. Until then, it will be emailed and on the Elite members web pages. .

**Q: Looks like we have three extra betting strategies. That's on top of our strategy choice for Mel and Syd (Combo or Filters). Should I apply a bank to all of the strategies?**

**A:** The six months inaugural membership period is intended as a **very low cost way to evaluate** these extra offerings and then decide which way to go after December.

- All the Adelaide Specials Bets have qualified as Platinum bets so there is probably no need for a dedicated ADL Specials bank.
- The Metro-Express bets can be quite different than the Platinum and can be on different days. I would recommend that you at least follow the Metro-X bank for the duration of the inaugural six month membership even if just a small bank.
- The Platinum Bets are **very strong** and if you only want to opt for one extra bank then this is it!

**Q:** You mentioned that you are sourcing some Platinum qualifiers from computerised Mel and Syd ratings. Do we get access to those ratings?

**A:** No. We do put Mel and Syd through our computerised ratings program but that is to find special top-raters that pass a series of strict filters. They get a spot in the Platinum Strategy. A lot of the ratings information falls short of Elite Ratings. There are some gems amongst them and we know where they are. It would simply be confusing to provide two sets of ratings for Mel and for Syd.

**Q:** South Australian racing is sometimes away from Morphettville on Saturdays. What happens then?

**A:** We will provide ratings for the non-city Saturday meetings (like Murray Bridge). We will be learning as we go with these bush meetings.

**Q:** Are the strategies set in concrete or do you expect some adjustments along the way.

**A:** We have the settings in place that will ensure long-term profitable performance but if we see opportunities for improvement we will implement them. We never stop striving for perfection.

**Q:** What time do we get the raceday information?

**A:** Of course there is a lot of extra race-morning work and the later we can hold off, the more accurate the data. We hope to get the info online and emailed at least half an hour before the first event.
